

AED On-Site

January 6, 2014

A Defibtech DDU-2300 Semi-Automatic External Defibrillator was installed in the pool area today. To is located just East of the water fountain. To view a demo of the device please go to <http://www.cintas.com/ReviverViewDemo/> . You can get there by holding down your key board Ctrl button while you click on the link. Click on the Product Demo Box to see how easy it is to use the Defibrillator.
