

CRIME REPORT

March 2, 2018

Posted 3/02/18

It is getting close to that time of year when many choose to head to their summer home. This is one of the times of year that break-ins and crimes of convenience happen.

Bikes and fishing rods have been stolen this week. They were stored on screened in patios. Screens were cut or screen enclosure doors were forced open for entry.

Also a stranger was seen at the East end of Sugar Sands. When approached he quickly left the community.

Please if you are a victim of a crime, see a crime in progress, or suspect that someone is up to no good / acting suspiciously at Sugar Sands, **your first call should be to the police - Riviera Beach Police at 561-845-4123 or 911** if you have a life threatening situation. Please also let the Sugar Sands Office know of the problem.

When you report a crime it benefits all of us. The police use the crime statistics to justify increased patrols in active crime areas.

The Management Sugar Sands Condominium.

Sugar Sands Office – 561-844-5630
